

**AMENDMENT TO THE SPECIFICATION**

Please amend Paragraph 2 under the portion Summary of the invention, which also begins on page 3 at line 14 to read:

Accordingly, the invention relates to copolymer modified bituminous compositions, and felts as well as bituminous pavements derived from them, comprising at least one block copolymer, comprising at least two poly(vinyl aromatic) blocks and at least one poly (conjugated diene) block in a weight proportion of more than 20 wt% to 50% wt% and more particular in the range of from more than 20 to 40 wt%, relative to the weight of the block copolymer and bitumen, and optionally at least one filler, in a weight proportion in the range of from 0 to 50 wt%, relative to the weight of the complete composition, and wherein the respective weight proportions of block copolymer, bitumen and filler add up to 100%.
